

## Privacy policy

### 1. Collection, processing and use of personal data

We do not collect any personal data from you when you visit this website. Personal data is only collected if you provide it to us yourself via our contact form. This data is used exclusively to answer your request and then deleted.

### 2. use of own cookies

When certain pages are accessed, a so-called "session cookie" is set. This is a small text file that is automatically deleted from your computer at the end of the browser session. This file is used exclusively to enable you to use certain applications. You can change the settings in most web browsers so that your browser does not accept new cookies or you can have cookies that you have received deleted. You can usually find out how this works specifically for your browser using its help function.

### 3. server log files

As with every connection to a web server, the server of our web hosting provider Hostpoint Switzerland logs and stores certain technical data. This data includes the IP address and operating system of your device, the data, the access time, the type of browser and the browser request, including the origin of the request (referrer).

This is necessary for technical reasons in order to make our website available to you. The web hosting provider uses technical and organizational measures to protect this data from unauthorized access and does not pass it on to third parties. Insofar as we process personal data, we do so on the basis of our interest in offering you the best possible user experience and ensuring the security and stability of our systems.

### 5. newsletter

If you have registered for our newsletter with your e-mail address, we will store and use your e-mail address to send you our newsletter with information and advertising about us until you have unsubscribed from our newsletter.

If you enter your e-mail address to receive the newsletter, it will initially be stored for the purpose of sending the owner an e-mail in which he/she can confirm the subscription to the newsletter ("double opt-in"). After such confirmation, the e-mail address is stored permanently until you unsubscribe from the newsletter or we delete it. The date of registration and the IP address used to register will be stored. Your IP address will not be used for any other purpose and your e-mail address will not be passed on to third parties.

You can unsubscribe from our newsletter at any time. Every e-mail containing our newsletter contains an unsubscribe link. You can also revoke your consent to the use of your e-mail address for the future at any time. To do so, please use the contact options provided below.

### 6. webshop

We would like to point out that for the purpose of simplifying the shopping process and for subsequent contract processing, the web shop operator stores the IP data of the connection owner within the framework of cookies, as well as the name, address and means of payment of the buyer.

The data you provide is required to fulfill the contract or to carry out pre-contractual measures. We cannot conclude the contract with you without this data. Data will not be transferred to third parties, with the exception of the transfer of credit card data to the processing bank/payment service provider for the purpose of debiting the purchase price, to the transport company/shipping company commissioned by us to deliver the goods and to our tax advisor to fulfill our tax obligations.

After canceling the purchase process, the data stored by us will be deleted. If a contract is concluded, all data from the contractual relationship will be stored until the expiry of the retention period under tax law (10 years). The data name, address, purchased goods and date of purchase will also be stored until the expiry of product liability (10 years).

### 7. your rights

In principle, you have the rights to information, correction, deletion, restriction, data portability, revocation and objection. If you believe that the processing of your data violates data protection law or that your data protection rights have been violated in any other way, you can lodge a complaint with the supervisory authority.

You can reach us on this website using the contact details provided.
